

Introduction

CA Legal is a specialist corporate and commercial law practice that focuses on the emerging markets, transitional economies and international development.

Established in 1987 and based in London, we have advised major international institutions, companies and governments on transactions in more than 100 jurisdictions worldwide.

Our Approach

With unrivalled experience of our markets, and with a commitment to delivering a focused and commercial service, we offer more than a traditional legal service. Our aim is to help our clients achieve their business objectives as efficiently as possible whilst maximising their commercial advantage.

We build long term partnerships with our clients and develop an in-depth understanding of their businesses with a view to providing them with a pragmatic and responsive service that is tailored to their specific needs.

Our Service

We understand the complexities and challenges of doing business in the markets in which our clients operate.

Our considerable experience working alongside our clients, our longstanding relationships with leading consultancies and service providers throughout these markets, and our access to an office network in more than 40 countries worldwide, enables us to deliver a comprehensive and focused service on transactions requiring a range of legal and other specialist skills and often spanning a number of countries.

Our Practice

We provide an extensive range of corporate and commercial legal services specialising in particular in the following core practice areas and sectors:

- Corporate Law
- Cross border Mergers, Acquisitions and Disposals

We also provide **specialist consulting services** in the legal and institutional aspects of international development, including legal and regulatory reform projects in *infrastructure and utilities, public sector reform, private sector policies* and *natural resources management*.

We can provide these services separately or as part of multi-disciplinary teams of experts.

Our Team

Our team is made up of lawyers from leading City of London law firms and development specialists, all of whom have significant international, emerging markets and development experience.

We pride ourselves on our ability to build with our clients strong and lasting relationships based on integrity, openness and mutual respect.

With an extensive network of established links with leading specialist international and local law firms throughout our markets, and through our association with Crown Agents and other leading financial, technical and development consultancies, we are able to deliver a proactive, commercial and comprehensive service in often harsh and complicated environments.
